

## E-MAIL SIGNATURE EXAMPLES

Placing a 'Fly Monterey' message in e-mail signatures is an easy and cost-free way to promote the new flights. E-mail signature placement benefits the Fly Monterey Alliance by promoting the new flights to destination visitors flying to our region and those you correspond with locally who fly from Monterey Peninsula Airport. The placement also sends a message to customers that your property is conveniently located near the Airport and therefore is easily accessible from hundreds of destinations around the world.

The Fly Monterey Alliance does not have one specific template for e-mail signatures. The signatures need not include the Fly Monterey logo, but should include mention of: new daily non-stop flights, new destinations (Salt Lake City, Denver, Las Vegas), and connections to/from hundreds of destinations (we have found that many who live outside of those cities forget about the convenient connections to Monterey from those hub cities). Messages can include a link to the Fly Monterey web page ([http://www.montereyinfo.org/page/fly\\_monterey/](http://www.montereyinfo.org/page/fly_monterey/)) and mention of other service (San Francisco, Los Angeles, and Phoenix). We encourage all Alliance Partners to customize e-mail signatures as they wish.
